SENATOR KELLY: Mr. President, I would support the reconsideration motion on the basis that there evidently is a problem of people making markups on billings from abstractors or title insurance companies or what have you but obviously we could tell from the discussion that there is a problem that should be addressed. We should get this bill back under reconsideration and those people who have good knowledge in this area correct that problem. I vote for reconsideration.

SPEAKER: The chair recognizes Senator Mills. Do you have any closing statements, Senator Mills.

SENATOR MILLS: Mr. Chairman, members of the Legislature, you have heard Senator Dworak, his explanation. You have heard Senator Cavanaugh who was the one who was instrumental in the kill motion of LB 310 and I am sure Senator Duis has some concerns which can be worked out with Senator Dworak. I move, again, that you reconsider your actions and vote.

SPEAKER: The question is, shall LB 310 be reconsidered at this time. Have you all voted? Have you all voted? It will take 30 votes for the reconsideration...25 votes for the reconsideration of our action. Have you all voted? Senator Duis voting aye. The bill has been reconsidered.

CLERK: 26 ayes, 3 nays, Mr. President. Mr. President, I move we recess until 1:30 p.m. Signed J. W. Burbach, Speaker.

SPEAKER: 1:30 p.m. We recess until 1:30 p.m. and I think we can and I will offer a motion to adjourn at approximately 3:00 p.m.

RECESS

SPEAKER: Have you all voted? Please record your presence. Please record your presence. The Clerk shall read.

SPEAKER: Members of the Legislature, as determined earlier, on Wednesday afternoon, the bills we discuss this afternoon, they are on your agenda. Two of them have been asked to be withheld, LB 316 and LB 50. In the case of the other bills, we will take them up at this time. If there is an objection or opposition to any one of the bills, we will pass it over and it stays in its same position that it previously was on the Board and let's try and move these bills if possible, this afternoon. Upon their completion, I will offer a motion for adjournment. Senator Keyes, for what purpose do you arise?

SENATOR KEYES: Mr. Speaker, if we are going down to the Wednesday afternoon and 315 is on the upper chart and it was going to be taken up the next bill, I would like to be excused and go down to the Highway Commission for the next hour, but otherwise, if we take up 315, I'd like
